(9) COUNCIL COMMITTEE REPORTS:

PLANNING BOARD/PUBLIC WORKS

COUNCILMAN BONSAALL

Councilman Bonsall reported that Councilman Flynn alerted him to a safety inspection that had been performed of the Public Works garage. Deficiencies were noted and since corrected. PW has been inspecting the snow plow equipment in preparation of the snow season. The road has been repaved at East and Hilliards. Surveyors have been out on Kirkwood Road as the county plans to resurface the road in the spring of 2016. In order to restrict non-emergency road

OCTOBER 14, 2015

openings, Councilman Bonsall requested that a letter be sent notifying utilities of the resurfacing. Ordinance will be considered to restrict road openings five years after overlaying. Solicitor Jehl was asked to research this.

PUBLIC EVENTS

COUNCILMAN BROWN

Councilman Brown announced that the annual Halloween parade would be held Saturday, October 24th at 2 p.m. If it rains, the event will not be rescheduled and the awards will be handed out at the school.

POLICE/LIBRARY

COUNCILMAN CROGHAN

Councilman Croghan reported that the library is open 12 hours per week. The back room of the library is being set up for the book sale. Last month 76 titles were checked out. The police monthly report has been distributed. Vehicles are needing a lot of repair, and the Chief has recommended a new car next year.

TRASH/RECYCLING

COUNCILMAN DETERDING

Councilman Deterding reported that 94 tons of trash and 18.75 tons of recycling were collected. The borough staff have received reports that trash and recycling may be intermingled by the waste collection company. Gold Medal has been alerted. We are not sure whether it was a circumstance where a resident put trash in a recycling bucket. If anyone sees this happening, please provide the borough with a location and we will have Public Works look into it.

RECREATION/L&I

COUNCILMAN MACFERREN

Councilman MacFerren stated that he stopped by Lauer Playground to talk to parents whose children were playing. All are very happy with the playground, but it was suggested that additional benches or a picnic table also be installed. Councilman MacFerren said that he would look into possible equipment when attending the NJ League of Municipalities convention. For L&I, \$2,379 in permit fees had been collected last month.

INSURANCE/ENVIRONMENTAL

COUNCILMAN FLYNN

Councilman Flynn informed that there have been no new insurance claims for September. Loss Control is handled by the Camden County Joint Insurance Fund. They perform reviews of our safety programs and training issues by checking documentation as well as performing on-site observation reviews of police, administration, public works and the fire department. Documentation is reviewed in six areas: accountability, controlling hazards, continuous education, communications, coaching and claims management. The Loss Control Report stated that the documentation was presented and found to be well-organized and adequately prepared and maintained by our safety coordinator, Mike Kelly. Deficiencies were noted in the Public Works garage, but as Councilman Bonsall reported they have been corrected. The fire station was found to be well kept. Regarding the Environmental Commission, the community garden idea has been advertised to register interest. Councilman Flynn will be trained in the use of the Tree software at the end of the month.

MAYOR'S REPORT

MAYOR CAMPBELL

Mayor Campbell reported that bloggers have rated Blueberry Hill trail as #1 trail in the area. We

OCTOBER 14, 2015

are working toward a close out with the USDA. Farwood Road's reconstruction has been deferred until spring to allow time for South Jersey Gas to replace the main this winter. The Forte/Gibraltar project on Lakeview Drive across from the Frasca building that was just demolished is going to start construction. They will be working on the road infrastructure first and then will be putting the building up. The three signs at Hidden Woods, Lucas Park and the Lucas Homestead should be installed within the next month.

OLD BUSINESS:

1. SUPERFUND UPDATE
Mayor Campbell reported that after two public meetings and the public comment period, the EPA has finalized the first Record of Decision (ROD) regarding the clean-up of residential properties in Gibbsboro and Voorhees. Four more decisions will be forthcoming. The next one will involve the 561 dump site, the fenced in area by the Wawa, which extends along stream corridor by United States Avenue and over to Crown Liquor, the office building and Tri-Boro property. The EPA's proposed plan is expected by the end of the year. The dump site area near Continental Plaza is owned by the Borough and because the shops will be affected by this clean-up the borough will most likely allow the parking lot to be extended onto borough property as long as it is held harmless. Ideas are also being contemplated to possibly have a park there in the future with access to the lake.

3. **BEST PRACTICES CY2015**

The 2015 Best Practices Inventory was reviewed by the Mayor and Council. It was noted that although a fund balance analysis is performed and discussed each year at Council that the borough does not have a policy in place to do so. The policy will be considered during January’s reorganization meeting so that we get credit for this item next year.

MEETING OPEN TO THE PUBLIC

Gus Egizi of 12 Henry Road expressed concern on behalf of a neighbor who received a zoning violation notice and fine for the improvements made to his garage. Mayor Campbell suggested that the resident reach out to Bernie Shepherd, the Code Enforcement Official to discuss the fine.

Michael Hauber, 109 United States Avenue, seeks to preserve the land in the Paintworks Redevelopment Expansion Area and made an appeal for Project Freedom to be located elsewhere and to consider age-restricted housing. Mayor Campbell explained the perpetual nature and history of the affordable housing issue as well as the numbers that the non-profit Fair Share Housing. Mayor Campbell provided an overview of Project Freedom and the importance of the project for the borough.

Danielle Riggs, 6 Cedarcroft Road, expressed her pride in Gibbsboro and concerns regarding the affordable housing project and building around Silver Lake. She questioned its location and asked about the property owned by Brandywine. It was also explained that the current site selected for Project Freedom has the lowest cost acquisition cost as the Borough owns most of the property. Eminent domain is the last resort of the borough, but it has been done before when the sewer system was being built. Mayor Campbell and Solicitor Jehl explained the current builder's remedy litigation with Brandywine.

Barbara Headley, 6 Henry Road, asked about Brandywine, the pending litigation and its impact on the affordable housing dilemma. Discussion was held regarding the onerous affordable housing requirement required by the State. Mayor Campbell and Solicitor Jehl stated that Brandywine wants to build 500 units around the lake and only a small portion of which would earn the borough credit for Affordable Housing.

Robert Johns, 107 United States Avenue, questioned when the lawsuit with Brandywine would be concluded. Solicitor Jehl said the judge wants to wrap up the case by December, but he is not sure if that will be the case.

Debbie DiRocco, 9 Chatham Road, stated that the Paintworks is not zoned residential and asked whether that would restrict housing there. The Mayor, Council and professionals stated that the current zoning does not matter because the judge could have the zoning changed and order housing to be built at the Paintworks.

Ann Braddock, 72 Haddon Avenue, stated that her concern regarding the affordable care housing project rests with its impact on Route 561. She feels that the road is not currently in good

OCTOBER 14, 2015

condition and would like to know whether the county will be resurfacing it soon. She also asked about the status of the Kirkwood Road resurfacing project. Mayor Campbell said that the county would be resurfacing Kirkwood Road in the spring and we will talk to them about Route 561.

Daniel Prosser, 36 Haddon Avenue, asked whether Project Freedom could give a housing preference to current Gibbsboro residents who may lose their homes due to foreclosure. Mayor Campbell stated that Project Freedom is willing to hold a meeting with residents to address their concerns and that this question would be best posed to Project Freedom. Mr. Prosser also expressed concern about the amount of traffic on Haddon Avenue and the lack of sidewalks. He requested curbing or sidewalks as well as a way to slow down traffic. Engineer Fusco will investigate solutions for Haddon Avenue.
